Dsn. Tegal Pakis Kalibaru Wetan RT.05/RW.01, KEC. KALIBARU, KAB. BANYUWANGI.

A joint degree student majoring in Informatics Engineering, i have a deep interest in web development. With a strong foundation in programming, I have actively participated in various related trainings and workshops, as well as being involved in small projects such as the creation of responsive websites and simple applications. With a high learning spirit, I hope to contribute to the information technology industry, particularly in the field of web development, after completing my education, combining the theoretical knowledge and practical experience I have gained.
